

The world is waiting for you!

Lynxlog is a seasoned startup that empowers our customers to focus on compliance and safety by eliminating administrative burdens while intelligently sharing data and identifying trends. With recent incredible demands for our software and support we are seeking qualified dreamers and entrepreneurial junkies to help our expansion into the state of Maine.

Today we are adding a **customer advocate** to help our team work on the continuous improvement of our platform and to support our customer requests ultimately achieving legendary support. **The position is 20 hrs per week expanding to full time as growth allows.**

What will my role involve?

CUSTOMER STUFF: Communicating with our customers to ensure complete satisfaction and to assist with their tasks. Occasional on-site visits and customer training may be required.

BUILDING STUFF: Using our product you will help configure workflows that meet the customer's needs. In addition we may need help with various technical tasks to prepare data for loading. This will require incident response, data massaging and loading, testing on various platforms and browsers as well as other deep thinking and super creative tasks.

DESIGNING STUFF: Collaborating with product designers to communicate needs from the field and thrilling our customers.

STARTUP STUFF: Participate in other start-up activities that will exercise your entrepreneurial spirit and open your world to many growth opportunities.

IDEAL CANDIDATE:

Our hiring philosophy **Attitude** | **Aptitude** | **Experience**

This is a junior position. We expect to train you on the job to help you reach your highest potential. That is why we list experience last.

- **Education** - *Technical degree or higher with demonstrated technical skills preferred*
- **Personality** - *Outgoing, great communication skills, self-motivated and creative thinker*
- **Platforms** - *Various browsers, Excel, learning our platform, other stuff not invented yet*

Let's build something special. We cannot wait to hear from you.
